

Holly Grove Christian School College Credit Connection

Powered by  sevenstar

Get A Head Start on College!

HGCS is excited to offer qualified Juniors and Seniors the opportunity to get a head start on college through **College Credit Connection**. Students who qualify will be able to enroll in semester-long courses from regionally accredited Christian colleges and universities that are offered through our online program.

College Credit without AP Testing!

Students receive a transcript from the college/university for 3 credit-hours ⁽¹⁾ upon successful completion of each course.

Save Money On College Tuition!

Students who accumulate college credit while in high school save money on college tuition because of the reduced cost per credit hour through the **HGCS College Credit Connection**. In addition, the overall cost of college can potentially be reduced because the student requires fewer college credits (time) to complete their degree program. Studies show that college students who enter college with credits already awarded are more likely to complete their undergraduate program in the prescribed four-year timeframe.

Contact the School Guidance Counselor Today to Learn More!

Mrs. Scarborough, cscarborough@hgcsweb.com

Through our online program, students can enroll in dual credit courses offered by the following regionally accredited Christian colleges/universities. Check the information on hgcsweb.com for links to these colleges.

⁽¹⁾Transferable to other colleges/universities in most cases. Please check with admissions at the college/university of choice to verify how the credits will transfer into their program.
