

Holly Grove Christian School Enhances Curriculum with Online Courses

Holly Grove Christian School continues to strengthen its position as a leader in the delivery of excellent Christian education by adding online courses to its curriculum. We are committed to meeting the needs of the students; online learning provides greater flexibility in curriculum choice and participation for our students in this ever increasing delivery method of education.

This coming school year we plan to offer online courses which include offering more elective courses, more Advanced Placement (AP) courses and Dual Credit (college credit) courses to students who want to get a head start on college. We are excited to offer online courses that not only meet national education standards, but more importantly, present material from the Christian worldview.

The courses we will be offering online this year are AP World History, AP Biology, AP Chemistry, AP Computer Science, AP Art History (all full year), AP Government, AP Macroeconomics, AP Microeconomics (each one semester), Marine Science, ACT Prep, SAT Prep, Chinese 1, 2, German 1, 2, 3, Latin 1, 2, 3, Game Design, Mobile app Programming, and Digital Photography. These courses are available for students in grades 10-12.

Pricing:

- **AP and Dual Credit College Courses: \$700.**
- **Standard core and elective courses: \$600**

**Students are required to have their own laptop/tablet, headphones and internet access. A list of school requirements are in the new student handbook on page 14.

The electronic catalog displays a list of our interactive and academically rigorous online courses, presented from a Biblically sound worldview.

Go to <http://www.sevenstar.org/custom/descriptions.php> to see the list of courses available; there is also a list on page 8 of the HGCS student manual. HGCS policy does not allow students to replace HGCS classes to be replaced with online versions; we provide this service as an opportunity to take a wider variety of classes.

Please contact Christy Scarborough, guidance counselor, to register for online classes. You can reach her at cscarborough@hgcsweb.com.
